
Searle Scholars 1990 – 2005

Natalie G. Ahn
University of Colorado

Nancy L. Allbritton
University of California,
Davis

Eric V. Anslyn
The University of Texas,
Austin

Kavita Arora
University of California,
Irvine

Kaveh Ashrafi
University of California, San
Francisco

Phil S. Baran
Scripps Research Institute

Cornelia I. Bargmann
University of California,
San Francisco

Carolee Barlow
Salk Institute

Barbara A. Barres
Stanford University

David P. Bartel
Massachusetts Institute
of Technology

Warren F. Beck
Vanderbilt University

Lorena S. Beese
Duke University

Stephen P. Bell
Massachusetts Institute
of Technology

Alan D. Bender
Indiana University

Judith L. Bender
Johns Hopkins University

Mark D. Biggin
Yale University

David Bilder
University of California, Berkeley

T. Keith Blackwell
Massachusetts Institute
of Technology

Matthew S. Bogoy
Stanford University

Joseph M. Bollinger, Jr.
The Pennsylvania State University

Lera Boroditsky
Massachusetts Institute of
Technology

Michael Brainard
University of California, San
Francisco

Jay Brenman
University of North Carolina at
Chapel Hill

Steven E. Brenner
University of California, Berkeley

Kendal S. Broadie
University of Utah

David A. Brow
University of Wisconsin

Christopher Burge
Massachusetts Institute of
Technology

David T. Burke
The University of Michigan

Kenneth C. Catania
Vanderbilt University

Jamie Cate
Massachusetts Institute of
Technology

Michael J. Caterina
Johns Hopkins University

David D. Chang
University of California,
Los Angeles

John S. Chant
Harvard University

Zhijian J. Chen
UT Southwestern Medical Center

Emily H. Y. Cheng
Washington University School of
Medicine

Anjen Chenn
Northwestern University Medical
School

Thomas R. Clandinin
Stanford University

Brendan P. Cormack
Johns Hopkins University

Albert J. Courey
University of California,
Los Angeles

Brian R. Crane
Cornell University

Benjamin F. Cravatt
Scripps Research Institute

Justin C. Crowley
Carnegie Mellon University

Kyle W. Cunningham
Johns Hopkins University

Gregory DeAngelis
Washington University

Joseph L. DeRisi
University of California, San Francisco

Raymond J. Deshaies
California Institute of Technology

Paul A. DiMilla
Carnegie Mellon University

Aaron R. Dinner
Department of Chemistry

Chris Q. Doe
University of Illinois, Champaign-Urbana

Ricardo E. Dolmetsch
Stanford University

Allison J. Doupe
University of California,
San Francisco

Jennifer A. Doudna
Yale University

Catherine L. Drennan
Massachusetts Institute of
Technology

David G. Drubin
University of California, Berkeley

Catherine G. Dulac
Harvard University

Searle Scholars 1990 – 2005

Robert C. Dunn
University of Kansas

Michael D. Elowitz
California Institute of Technology

James W. Erickson
Columbia University

Todd R. Evans
University of Pittsburgh

Guowei Fang
Stanford University

Gregory K. Farber
The Pennsylvania State University

James E. Ferrell
Stanford University

Elizabeth A. Finch
Emory University School of
Medicine

Kathleen R. Foltz
University of California,
Santa Barbara

Brian G. Fox
University of Wisconsin

Nicole J. Francis
Harvard University

Alan D. Friedman
Johns Hopkins University

Xiang-Dong Fu
University of California,
San Diego

Hironori Funabiki
Rockefeller University

Jorge E. Galán
State University of NY,
Stony Brook

Luis Rene Garcia
Texas A&M Research Foundation

Kevin H. Gardner
UT Southwestern Medical Center

Jeff Gelles
Brandeis University

Samuel H. Gellman
University of Wisconsin

M. Reza Ghadiri
The Scripps Research Institute

Joseph G. Gleeson
University of California, San Diego

Christopher C. Goodnow
Stanford University

J. Eric Gouaux
Columbia University

Kathleen L. Gould
Vanderbilt University

Barth D. Grant
Rutgers University

Rachel Green
Johns Hopkins University

Ueli Grossniklaus
Cold Spring Harbor Laboratory

Jay T. Groves
University of California, Berkeley

Su Guo
University of California, San
Francisco

Taekjip Ha
University of Illinois, Urbana-
Champaign

Kristina Hakansson
University of Michigan

Randolph Y. Hampton
University of California,
San Diego

Min Han
University of Colorado,
Boulder

Phyllis I. Hanson
Washington University

Pehr A.B. Harbury
Stanford University

Reuben S. Harris
University of Minnesota

Anne C. Hart
Harvard Medical School

Jeffrey D. Hartgerink
Rice University

Bruce A. Hay
California Institute of Technology

Chuan He
University of Chicago

Eileen A. Hebets
University of California

Lizabeth K. Hedstrom
Brandeis University

Ali Hemmati-Brivanlou
The Rockefeller University

Michael P. Hendrich
Carnegie Mellon University

Daniel Herschlag
Stanford University School
of Medicine

Linda A. Hicke
Northwestern University

Oliver Hobert
Columbia University

Ann Hochschild
Harvard Medical School

Mark W. Hochstrasser
The University of Chicago

Kristin A. Hogquist
University of Minnesota

Kay E. Holekamp
Michigan State University

Eric Holland
University of Texas, MD Anderson
Cancer Center

Joseph Holoshitz
The University of Michigan

Rustem F. Ismagilov
University of Chicago

Brent L. Iverson
University of Texas,
Austin

Tyler Jacks
Massachusetts Institute
of Technology

Steven E. Jacobsen
University of California, Los Angeles

Searle Scholars 1990 – 2005

Grant J. Jensen

California Institute of Technology

Jin Jiang

UT Southwestern Medical Center

Youxing Jiang

UT Southwestern Medical Center

Melissa S. Jurica

University of California, Santa Cruz

Chris A. Kaiser

Massachusetts Institute
of Technology

Neil L. Kelleher

University of Illinois, Urbana-Champaign

Jeffery W. Kelly

Texas A&M University

Brian K. Kennedy

University of Washington Medical
School

Stuart K. Kim

Stanford University

David Kimelman

University of Washington

Alex L. Kolodkin

Johns Hopkins University

Elizabeth A. Komives

University of California,
San Diego

Tonya L. Kuhl

University of California, Davis

Brian A. Kuhlman

University of North Carolina at
Chapel Hill

Barbara N. Kunkel

Washington University

Mitzi I. Kuroda

Baylor College of Medicine

Bruce T. Lahn

University of Chicago

Richard A. Lang

New York University

Gilles J. Laurent

California Institute of Technology

Daniel J. Leahy

Johns Hopkins University

Christopher J. Lee

University of California, Los
Angeles

Ka Yee C. Lee

University of Chicago

Daniel J. Lew

Duke University

Wendell A. Lim

University of California,
San Francisco

J. Troy Littleton

Massachusetts Institute of
Technology

David R. Liu

Harvard University

Jun Liu

Massachusetts Institute
of Technology

Yang Liu

New York University
Medical Center

Peter Lobel

University of Medicine and Dentistry, New
Jersey

Shawn R. Lockery

University of Oregon

Karolin Luger

Colorado State University

Guangbin Luo

Case Western Reserve University

John D. MacMicking

Yale University

Zachary F. Mainen

Cold Spring Harbor Laboratory

Harmit S. Malik

Fred Hutchinson Cancer Research
Center

Richard S. Mann

Columbia University

Wallace F. Marshall

University of California

Lawrence S. Mathews

The University of Michigan

Stephen L. Mayo

California Institute of Technology

Ruslan M. Medzhitov

Yale University

William W. Metcalf

University of Illinois

W. Matthew Michael

Harvard University

Gero A. Miesenbock

Sloan-Kettering

Kenneth Miller

University of California,
San Francisco

Daniel L. Minor

Cardiovascular Research Institute,
University of California, San
Francisco

Peter Mombaerts

The Rockefeller University

Mary Moore

Baylor College of Medicine

Melissa J. Moore

Brandeis University

David O. Morgan

University of California,
San Francisco

Sean J. Morrison

University of Michigan

Walther H. Mothes

Yale School of Medicine

Milan Mrkisch

The University of Chicago

Victor Munoz

University of Maryland

Cornelis Murre

University of California,
San Diego

Maho Niwa

University of California, San Diego

Krishna K. Niyogi

University of California, Berkeley

Searle Scholars 1990 – 2005

Axel Nohturfft
Harvard University

Michael L. Nonet
Washington University

Evgeny A. Nudler
New York University Medical
Center

Arthur G. Palmer
Columbia University

F. Nina Papavasiliou
The Rockefeller University

Roy R. Parker
University of Arizona

Amy E. Pasquinelli
University of California, San Diego

Mark Peifer
University of North Carolina

Ernest G. Peralta
Harvard University

Kit J. Pogliano
University of California, San Diego

Daphne K. Preuss
The University of Chicago

B. Franklin Pugh
The Pennsylvania State University

Anna Marie Pyle
Columbia University

Ronald T. Raines
University of Wisconsin

Indira Raman
Northwestern University

Dale A. Ramsden
University of North Carolina

Renee A. Reijo
University of California, San
Francisco

Michael F. Rexach
Stanford University

Joel H. Rothman
University of Wisconsin

Alexander Y. Rudensky
University of Washington

Jared P. Rutter
University of Utah School of
Medicine

Bernardo L. Sabatini
Harvard Medical School

Alan B. Sachs
University of California, Berkeley

Ram Samudrala
University of Washington

Peter R. Scheiffele
Columbia University School of
Medicine

Tamar Schlick
New York University

Trina A. Schroer
Johns Hopkins University

Pamela L. Schwartzberg
National Institutes of Health

Piali Sengupta
Brandeis University

Tito A. Serafini
University of California, Berkeley

Geraldine C. Seydoux
Johns Hopkins University

Jason B. Shear
University of Texas at Austin

Ben Shen
University of California, Davis

Kang Shen
Stanford University

Yigong Shi
Princeton University

Yeon-Kyun Shin
University of California, Berkeley

Kevan M. Shokat
Princeton University

Stanislav Y. Shvartsman
Princeton University

Michael A. Simon
Stanford University

Hazel L. Sive
Whitehead Institute

Douglas E. Smith
University of California, San Diego

William C. Skarnes
University of California, Berkeley

Noam Sobel
University of California, Berkeley

Mark J. Solomon
Yale University

Peter K. Sorger
Massachusetts Institute
of Technology

Timothy P. Stearns
Stanford University

Milan N. Stojanovic
Columbia University

Scott A. Strobel
Yale University

Sriram Subramaniam
Johns Hopkins University

Wesley I. Sundquist
University of Utah

Jonathan V. Sweedler
University of Illinois

Peter A. Takizawa
Yale University School of Medicine

Toshiyasu Taniguchi
Fred Hutchinson Cancer Research
Center

Jack Taunton
University of California, San Francisco

Alice Telsnitsky
The University of Michigan

Marc Tessier-Lavigne
University of California,
San Francisco

Michael J. Therien
University of Pennsylvania

Sharon L. Thompson-Schill
University of Pennsylvania

William B. Tolman
University of Minnesota

Searle Scholars 1990 – 2005

Frederic E. Theunissen

University of California, Berkeley

Saba Valadkhan

Case Western Reserve University

Antoine M. Van Oijen

Harvard Medical School

Gregory L. Verdine

Harvard University

Anne M. Villeneuve

Stanford University

Thomas F. Vogt

Princeton University

Margaret R. Wallace

University of Florida

Jing W. Wang

University of California, San Diego

Kevin M. Weeks

University of North Carolina

Karsten Weis

University of California, Berkeley

Jonathan S. Weissman

University of California,
San Francisco

James R. Williamson

Massachusetts Institute
of Technology

Wade C. Winkler

University of Texas Southwestern
Medical Center

Astar Winoto

University of California, Berkeley

Ding Xue

University of Colorado

David P. Zenisek

Yale University

Li I. Zhang

University of Southern California

Xiaowei Zhuang

Harvard University
